

GAUGING RAKE

DOUBLE EDGED STEEL

VR 2-2020

Our Double Edged Steel **GAUGING RAKES** are for spreading new floor coatings to a desired thickness. A general rule is that the teeth of rakes will spread material to 40% of the tooth depth based on the material used (i.e. 5mm tooth achieves 2mm).

450MM GAUGING RAKES

STEEL DOUBLE EDGE RAKES	
BR24501	500μ
BR24502	1000μ
BR24503	1250μ
BR24504	1500μ
BR24505	2000μ
BR24506	2500μ
BR24508	3000μ
BR24510	4000μ
BR24512	5000μ

600MM GAUGING RAKES

STEEL DOUBLE EDGE RAKES	
BR26001	500μ
BR26002	1000μ
