

KAM FS80080

FLOOR SPREADER

v3 2-2020

Our **KAM FS80080** Floor Spreader is an adjustable heavy-duty leveller for the application of flowable overlay materials applied in excess of 4mm thick. The 800mm long stainless steel levelling blade features hard-wearing adjustable steel skis at each end that provide fine adjustments from as little as 0mm to as much as 50mm thick.
