

SPIKED SHOES

25mm & 31mm Spikes

VR 2-2020

Our **SPIKED SHOES** with 25mm or 31mm long steel spikes are used to gain safe access onto new flooring overlay systems. They should be worn whilst working on fresh coatings and whilst deaerating the fresh surface when using our **BUBBLEBUSTER®** Spiked Roller. One size fits under most size user's site shoes or boots, use the straps to secure the **SPIKED SHOES** securely.
